- ③ For undergraduate courses in which a make-up examination is administered, the grade awarded shall not exceed B°. However, an exception may be made if the reason for taking the make-up examination is not attributable to the student.
- ④ The grade scale and grade point average for each course in the master's and doctoral programs shall be as follows. Grades of C° or above shall be recognized as earned credits, while a grade of D shall be regarded as a non-earned credit. Notwithstanding the foregoing, matters concerning grade evaluation for professional graduate schools shall be determined separately by the Dean of the relevant graduate school.

Such grades shall be included in the overall GPA and recorded on the academic transcript.
- ⑥ In master's and doctoral programs, students may retake courses previously completed within the same degree program. The previously earned grades shall be invalidated, and the grades and credits obtained from the retaken course shall be recognized.

□ Academic Probation (Article 70, Chapter 3 of CBNU Academic Regulations)

- ① Undergraduate students whose semester GPA falls below 1.75 shall be placed on academic probation. However, students eligible for graduation who have fulfilled graduation requirements, and students who have exceeded the standard period of study, shall be exempt. The academic probation system shall not apply to students in the Colleges/Departments of Veterinary Medicine (Pre-Veterinary and Veterinary Medicine), Medicine (Pre-Medicine and Medicine), Pharmacy, and Pharmaceutical Sciences.

- ② Students who receive academic probation three consecutive times shall be dismissed. However, for students who are readmitted, academic probation records incurred prior to readmission shall be excluded.

❑ Changes in Student Status (Leave of Absence, Withdrawal, Dismissal, Graduation)★

- If an international student intends to take a leave of absence or withdraw from the university, or if any other change in student status occurs, the student must consult in advance with the person in charge at the International Affairs Office and then submit the relevant application form (Leave of Absence / Withdrawal Application) to the department office.
- In the event of any change in student status, including leave of absence, withdrawal, dismissal, or graduation, the student visa (D-2) will be cancelled. Therefore, the student must return the Residence Card (ARC) and depart Korea within one month from the date of the change.
